

Prime All™

Sealer & Undercoater

Prime All™ is formulated specifically for use as a seal or base coat for porous floors like concrete, terrazzo and tile. This first step gives those surfaces a tough, resistant coating that is also ideal for adhesion of the final finish. After Prime All application, the final finish is layered higher for greater gloss and a deeper level of protection for the floor surface.

Prime All is also designed to reduce problems with suds, poor leveling, streaking and piling of the finish coats. Provides an even, satin gloss in just one or two coats. As a first step to success, this sealer and undercoater is a key to better, longer-lasting results and reduced labor in the long-run.

<i>Cleaner Type</i>	Sealer, Base Coat
<i>pH</i>	8.0-9.0
<i>Fragrance</i>	Slight ammonical
<i>Color</i>	Milky white
<i>Flammable</i>	No
<i>Stability</i>	One year minimum
<i>Specific Gravity</i>	1.028

Packaging 4x1 gallon case
5-gallon pail
