Packaging 4x1 gallon case
5-gallon metal pail

Clean the dust residue from screening wood floors with Tack RagTM, a blend of aliphatic mineral spirits. This product is also excellent for periodic and scheduled cleaning of soiled gym floors, restoring a non-slip surface to urethane-coated surfaces.

Compatible with PUR-O-ZONE Tournery TuffTM gymnasium floor finish and many others. Designed to remove the most residue possible for the best resulting refinishing job.

When used as a finished floor cleaner, remove any gross debris with vacuum or broom. Soak clean cotton toweling in Tack Rag and wring very dry*. Place the toweling under a dust mop and cover floor thoroughly. Rinse toweling as it becomes loaded.

**Use appropriate PPE. Your PUR-O-ZONE representative can advise you. Read label instructions carefully.*

PUR-O-ZONE
