

Tourney Tuff™

Gym Floor Finish

Tourney Tuff™ is for use on new or freshly sanded wood floors. It is a 41 percent solids, urethane finish designed and blended for gymnasium floors. This high-gloss floor coating is beautifully light in color and remains “open” during application for adequate time to avoid lap marks. An excellent choice for any wood floor where durability and gloss finish are desired. After Tourney Tuff is tack free (3 to 4 hours in normal humidity), you may ventilate for faster drying. Allow 12 to 14 hours before a second coat. High humidity may require up to 24 hours for best second-coat results. A premium product with years of proven results, Tourney Tuff is a championship choice.
