

Cleaning the Unseen

Happier Occupants
Healthier Employees
Fewer Complaints
Less Toxicity
Better Air Quality
Safer for Everyone

The New Level of Clean™

We measure our cleaning effectiveness with 3M Clean Trace®

Keeping occupants and tenants excited about your indoor environment is one of your **top priorities.**

Cleaning for Health can

That is why we hold ourselves to a **new level** of standards that protect health and productivity in your building.*

Studies at the University of North Carolina * have shown that special attention to **the unseen world** of **cleaning for health** not only produced **lowered absenteeism** and

- ✓ Reduce airborne dust by 52%
- ✓ Reduce doctor visits by 34%
- ✓ Reduce absenteeism by 46%

healthier building occupants, but also improved

- **appearance** perceptions
- odor control **satisfaction**, and
- occupant **comfort** levels
