PUR-O-ZONE
Environmental Cleaning Solutions™

2. Select 4-7 Technologies

- **Pro-Link** – Advanced Microfiber System

Cotton yarn is large -
it pushes soil and
microorganisms around

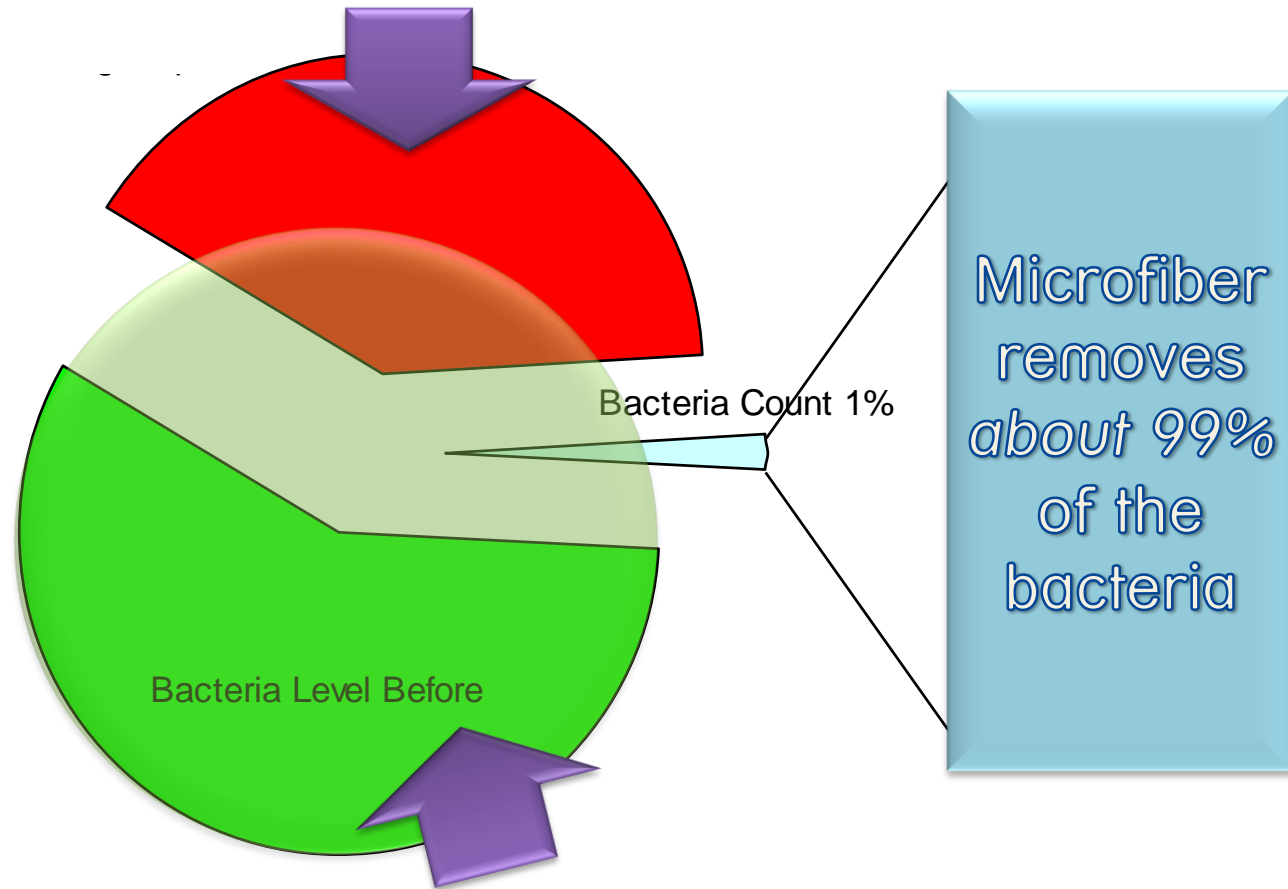

Polyester/Polyamide
microfiber
is microscopic - it
lifts and traps germs
cotton cannot touch

PUR-O-ZONE
Environmental Cleaning Solutions™

2. Select 4-7 Technologies

Red is bacteria
cotton string
mop left behind
– about 43%!

- **Pro-Link** – Advanced Microfiber System

Entire circle represents bacteria present to begin

2. Select 4-6 Technologies

Advanced color-coding helps prevent cross-contamination
