

PLANNED MAINTENANCE

Your best value is not to be down at all through our Planned Maintenance program. An ounce of prevention really is worth a pound of cure.

REPAIR SERVICES

No organization in the Midwest provides more experience and depth than PUR-O-ZONE for your on-site or in-our-facility repairs. We provide expert pickup and delivery.

PARTS STOCKING SERVICE

We stock parts for major manufacturers' machines, both the extensive leading lines we carry, and those of others.

FLOOR MACHINE REPAIR
& PREVENTIVE MAINTENANCE

Unexcelled Know-How

PUR-O-ZONE is the official factory installation choice of Advance machinery in this region. Our company has received numerous manufacturer awards for growth including three times a recipient of the Dealer of the Year award from Advance.

We are one of the largest distributors in the world for KaiVac and one of the oldest distributors and servicers of NSS, National Super Service equipment.

We know floor machines and automation as well as anyone in the Midwest.

On-site Training
Jeff Taylor, Service Department Manager

A History of Leadership in Keeping Your Equipment and People Productive

Founded in 1943, PUR-O-ZONE has built on the concept of helping customers do more through **education and measurement**. A key element of that educational process is the maximization of productivity from **appropriate automation** for your facility.

Today, it is more critical than ever that your labor resources be maximized. They constitute over 93% of the average annual custodial budget.

To keep people productive, they need to have access to equipment that is functioning and ready to go to work.

We know how to do that as well as anyone in the Midwest, by expertly managing your fleet of floor equipment automation.

Annual Cleaning Budget

We know almost 19 of every 20 dollars you spend is on people.
